STANDARD BID AND RFP TERMS AND CONDITIONS

PURCHASING COUNCIL PURPOSE

The Capitol Region Purchasing Council ("Council") is a purchasing cooperative, acting under the auspices of the Capitol Region Council of Governments, which attempts to provide volume-based discounts to its Member Agency base through various cooperative procurement initiatives. To date, some **115** towns, boards of education and agencies across the State (38 of which are located in the Greater Hartford area) are eligible to take advantage of the Council's services.

BID FORMS/SUBMISSION OF BIDS

The Council exclusively uses Bid Sync for the notification and dissemination of all solicitations. The receipt of solicitations through any other company may result in your receipt of incomplete specifications and/or addenda which could ultimately render your bid non-compliant. The Council accepts no responsibility for the receipt and/or notification of solicitations through any other company.

No oral, telegraphic or telephonic submittal will be accepted. IFB's, RFP's, RFQ's and RFI's shall be submitted in electronic format via **BidSync**. All Invitations For Bid (IFB), Requests For Proposals (RFP), Requests For Quotes (RFQ), Requests For Information (RFI) submitted electronically via **BidSync** shall remain locked until official date and time of opening as stated in the Special Terms and Conditions of the IFB, RFP, RFQ and/or RFI. A formal, in-person bid opening will not be held.

EXCEPTIONS TO SPECIFICATIONS

Vendors are directed to make sure that they understand the terms and conditions as specified in this Invitation for Bid. Unless exceptions to any of the terms and conditions, including pricing, are specified as part of the bid response, it will be expected that all terms and conditions expressed herein are acceptable and shall govern resulting contracts. **Any variance from specifications, including product substitutes (as well as replacements for discontinued items) and pricing units (pounds, 50 lb bags vs. 100 lb bags, etc.) must be clearly noted in the vendor's bid response.**

SUBSTITUTION FOR NAMED BRANDS

Should brand name items appear in this bid, the bidder must make available specifications on any substitutions, and explain how the substitution compares with the named brand's specifications.

BID AWARD

A bid award shall be made by each respective Member Agency to the lowest responsible bidder(s). A Purchase Order issued by the member Town constitutes an award. The lowest responsible bidder is that person or firm whose bid to perform the work is lowest, who is qualified and competent to do the work, whose past performance of work is satisfactory to the Member Agency and whose bid documents comply with the procedural requirements stated herein. The award process may also include additional considerations such as the information provided on the bid forms and the bidder's perceived ability to fulfill his/her obligations as prescribed by these specifications. Each bidder must be prepared to show evidence of having satisfactorily carried out a similar contract, as inability to do so may be cause for rejection.

CONTRACT EXTENSION

Contracts may be extended by mutual agreement of the parties – for bids with a one year contract period, a one year extension will be permitted if there is mutual agreement; for bids with a two year contract period, a two year contract extension will be permitted if there is mutual agreement. All extensions shall be completed before the next bid invitation is issued. A schedule of bid invitations and openings is posted on the CRPC website.

ESTIMATED QUANTITIES

The quantities as listed herein are **estimates only** and have been provided for the purpose of competitive bidding. Actual quantities will be contingent upon the total number of Member Agencies that decide to make an award off of this bid (as participation is voluntary) and the needs of the using departments in the various Member Agencies.

Failure of any successful bidder to adhere to specifications, prices, terms or conditions of their agreement during the course of the contract period may preclude such bidder from bidding on future CRPC bids in addition to any action that Member Agencies may take as a result of the vendor's failure to perform. It should be noted that the awarded vendor shall assume full responsibility for the negligence of any sub-contractor(s) utilized to fulfill any and all obligations under resulting contracts.

Moreover, if the contractor fails to make proper delivery within the time specified or if the delivery is rejected by the Member Agency, the Member Agency may obtain such commodities or any part thereof from other sources in the open market or on contract. GRASS SEED
Grass seed is to be labeled in accordance with the Connecticut Seed Law and Regulations (Chapter 424 Section 22-61a of the Connecticut General Statutes as amended).

All seed is to be delivered in suitable bags and must be properly identified as to mixture or blend.

For each variety in a blend or sold separately, backup data must be included for assessing quality. This data should include ratings from independent field-testing services by NTEP, University field trials or some other independent testing laboratory. Vendors are asked to include data on the other varieties in the same test plots. It is expected that all blends will contain compatible varieties relative to color, climate, soil types and response to cultural inputs.

Bids on each blend of grass seed shall be accompanied by an ***information sheet (attached) which is properly filled out.*** It is understood that the information shown consists of minimum percentages regarding germination and purity, and maximum percentages regarding noxious weed and inert matter.

FERTILIZER
All fertilizers are to be delivered in suitable moisture-proof bags and shall be labeled in accordance with the Connecticut Fertilizer Law (General Statutes, Chapter 427a, as amended). Unless otherwise specified, fertilizers should be furnished in 50 lb. bags.

ORGANICS
All organics shall adhere to OMRI (Organic Materials Review Institute) standards and be free of sewage sludge and biosolids. All materials shall be from natural sources (plant, animal and rock).

Note: Manufacturer spec sheets shall be furnished upon request to any participating CRPC community.

SAMPLING (for Grass Seed and Fertilizer)
Representative samples to determine chemical guarantees may be taken by an authorized representative of the Connecticut Agricultural Experiment Station, New Haven, Connecticut.

In the event that these samples do not conform to the guarantee, a penalty, in proportion to the discrepancy between

guarantee and delivered material, will be applied to the unit price at which the award was made.

MARKING LIME

Marking lime must be bright white only. The lime must not be so fine that it packs and clogs spreaders.

NOTE:

All fertilizers should be in coarse, granular form. Wherever organic nitrogen is requested, it shall be from natural or synthetic sources. Urea is not to be used as an organic source of nitrogen. However, urea may be used along with other inorganic sources of nitrogen, to furnish the balance of nitrogen classed as organic.

RESTRICTED USE PRODUCTS

Vendors shall identify all restricted use pesticides included herein, pursuant to the Department of Environmental Protection's most recent list.

LICENSURE

Responding vendors shall include a copy of a current and valid Connecticut Pesticide Dealer's License to sell restricted use pesticides with their bid submission.
