Scope of Services

****We now have two crews running to complete jobs faster

*Cleaning and preparation of all surfaces to be sealed

*Supplying and installation of all materials needed

* Discounts will be applied for past customers and based upon review of new customers

*Pre review and estimates for each road individually

*All work includes two lane traffic control

(The need for police traffic control would be an additional charge)

*Routing provided for an additional .25 cents per linear foot

*Upgraded quality control with company owners monitoring and available through every step of the process.

*Up front honest review of your roads and lots to be sealed.

*Fast resolution of any issues that arrive and 24/7 availability of the owner with onsite oversight for all jobs. If there is ever a problem, I want to hear about it and make you happy.

*We offer routing and sealing at your option
