Under Task 2, Part a. ii. on page 4, the subtask indicates, "Conduct outreach to millennials to obtain their perspective on problem." Is the outreach intended for millennials who already live in the Capitol Region only? Or is the outreach for millennials across the country, which may help determine what aspects may attract them to live and/or work in the Capitol Region?

Each consultant team is encouraged to define the best geography for outreach to millennials in order to adequately inform this study with the perspective of the millennial generation.
