Dear Lyle:

Thank you for your December 20, 2017 letter about the status of our LOTCIP project in light of the on-going state budget challenges. Since we have received our commitment letter and it is our understanding that the funds for the awarded LOTCIP projects have been bonded, we are moving forward with design work. Our first quarterly report will outline the key target dates for design and construction.

We appreciate CRCOG's efforts to help resolve transportation funding issues and hope we can be of assistance in ensuring that the LOTCIP funding remains in place.

Sincerely,

Steven R. Werbner
