The **State Transportation Improvement Program (STIP)** is also available for review. This list of all federally funded surface transportation projects to be undertaken in the State over the next four years is available from CRCOG. Send written comments on the STIP to: Maribeth Wojenski, Transportation Assistant Planning Director, Bureau of Policy and Planning, CTDOT, P.O. Box 317546, Newington, CT 06131-7546 by July 31, 2017.

CRCOG's Transportation Improvement Program (TIP)

One of the most important programs undertaken by CRCOG is the management of the Transportation Improvement Program, or TIP.

The TIP is the list of federally funded surface transportation projects that will be undertaken in the Capitol Region over the next four years. Projects are listed by funding source, such as transit operating, highway safety improvement program, or congestion management/air quality; and by year. The cost of the project is identified and the amount of State and local funds required to match the federal funds is also listed.

The Connecticut Department of Transportation (CTDOT) is required to consult with and seek the approval of CRCOG before any federal funds can be expended on transportation projects in the Region. The FFY 2018-2021 TIP is now being considered for approval by both CRCOG and CTDOT.

Copies of the draft FFY 2018-2021 TIP are available by calling CRCOG at 860-522-2217, or by accessing CRCOG's website: www.crcog.org/tip

A public information meeting on the TIP will be held:

**June 26, 2017
11:30 a.m.**

**Materials Innovation and Recycling Authority
211 Murphy Road
Hartford, CT**

Your comments are welcome, either at this meeting, Transportation Committee meetings (details listed on the next page), or by phone, fax, regular mail, or email. Contact information is listed on the back page of this flyer.

See inside for instructions on how to read the TIP project listings.
