Subject: *Metropolitan Transportation Plan 2019-2045*

As you know, CRCOG is in the process of updating the region's Metropolitan Transportation Plan. This plan lays out a vision for the region's transportation system to the year 2045. It also establishes priorities for spending federal transportation dollars allocated to the region.

CRCOG has developed a draft of this plan which was released for a thirty-day public comment period on February 20. The comment period ended on March 22 and included two public meetings on March 12 and March 14. During development of the plan, two other public meetings were held in December. This is in addition to over a dozen stakeholder interviews and focus groups.

All comments have been reviewed and incorporated as appropriate. We are now looking for endorsement of the attached resolution adopting the plan, which will be acted on by the Policy Board on April 3, 2019. We have been given a deadline of April 12, 2019 for final adoption of the plan. The documents are available at <http://www.crcogconnect2045.com>

WHEREAS, residents and businesses were afforded opportunities to comment on the MTP by mail, email, phone and through four public meetings; and
