Dr. Wray also thanked Jessica Muirhead and Pauline Yoder for putting together the bid for Personal Protective Equipment (PPE).

Dr. Wray explained CRCOG has been working with the United Way of North Central CT on opportunities to engage youths in the region through their volunteer software system. The United Way software system, "Get Connected" offers a way for municipalities to develop a web-based homepage which offers ways to manage volunteers. Dr. Wray stated he was approached about whether CRCOG would entertain the possibility of discussion on putting together a Regional Civilian Review Board considering recent legislative action on police reform.

Dr. Beckett stated he feels the idea of a regional review board may be a wise idea, as it would get everyone on the same page in terms of policies and procedures.

Mayor Leclerc expressed that many police forces have different contracts and policies, which would make it difficult to create a single regional board.

Scott Shanley agreed that many of the contracts are specific to towns and inquired about CREST procedures.

Cheryl Assis explained that typically, CRCOG has not been involved with CREST procedures in the past.

Jim Hayden stated he feels this could be advantageous for small towns and offered to serve on a subcommittee if one were created.

Discussion followed.

Mayor Leclerc explained she would like for more information pertaining to the police accountability bill, and asked Kathie Lutz for input.

Kathie Lutz will reach out to Carol Hughes and several other possible presenters. The police reform bill will be put on the September Policy Board meeting agenda.
