**Subject:** 2020 LOTCIP Solicitation – Recommended Project Selections

---

Attached to this memorandum, please find Table 1 showing 20 projects totaling \$36.3± million selected for advancement as part of the 2020 LOTCIP solicitation. Additionally, included in Table 1 are three (3) conditional "incentive project" selections representing \$3.9± million. The awarding of "incentive projects" is in keeping with CRCOG's historic practice of conditionally awarding high ranking projects to municipalities that already have multiple LOTCIP projects in the design phase. The advancement of these "incentive projects" would be contingent on that municipality completing design of one of their other LOTCIP projects.

These selections in the amount of \$40.2± million were recommended by CRCOG staff and approved by CRCOG's Transportation Committee at its August 17, 2020 meeting. Final approval of these selections by the Policy Board will help ensure that sufficient LOTCIP projects are programmed to reduce program carryover. As always, we will be looking to expedite project delivery and will be working with all towns to understand anticipated project schedules. If you have any questions or concerns in advance of the meeting, please feel free to contact Mr. Rob Aloise ([raloise@crcog.org](mailto:raloise@crcog.org)) at 860-724-4214.
