

Policy and Planning

- Reviewed proposals from Licensed Environmental Professionals for our EPA-funded brownfields program. Thirteen proposals were received and we selected five to interview.
- Submitted an application to the Department of Emergency Management and Homeland Security for a grant to update the region's Natural Hazards Mitigation Plan.
- Participated in a CDC site visit for the Active Transportation and Active Living Project. Presented information on CRCOG's efforts with this statewide program and answered questions from CDC officials.
- Completed a solicitation for projects under the Active Transportation and Active Living Project. Seventeen applications were received. Staff will review the applications and bring them to our committee in January.
- Presented initial results of the 2020 bike/ped count at the December 8 Bike/Ped Subcommittee meeting.
