

Date: May 26, 2020
To: CRCOG Policy Board
From: Lyle Wray, Executive Director
Subject: Summer Youth Employment and Engagement in the Region

Following up on discussion at the May 13, 2020 CRCOG Executive Committee, Executive Committee member Mayor Shari Cantor, CRCOG staff and Capital Workforce Partners held a video conference to discuss work in progress and potential next steps on the coming summer season and summer youth employment and engagement.

The attached three items from Capital Workforce Partners follow up on that conversation.

In other parts of the country, local governments often have a volunteer coordinator position to organize and vet engagement opportunities and participants.

We could explore that option further if there is interest.

The Board may wish to have a broader discussion of the summer youth employment and engagement activities planned in the region and possible next steps.
