NOTES TO THE 2019 LIST PRICE LIST

This is our 2019 List Price List, which is effective for all orders received on or after February 4, 2019. The list price list has the fabrics and options for each style of coat and pant listed on a separate page. Please be sure to include trim and lettering options which are contained on Page 22 when pricing your structural garments. Proximity garment pricing appears on Pages 23-24.

Standard distributor discounts apply only to the list price items on Pages 4-24. Separate Net Price Lists are issued for Patriot, Responder, and gear bags and Cleaning & Repair Services.

Changes Previously Announced in the 2018 Distributor List Price List (rev. 1):

The Armor AP-STEDAIR 3000-Bravo composite is no longer available. Armor AP-GORE RT7100, 3D-Bravo is the recommended replacement
KEVLAR® wristlets were discontinued due to limited customer interest
CROSSTECH® 3-Layer, 4A waterwells are no longer available, but may be reintroduced at a later date
The CVF1.5 coat closure was replaced by the CVF1.5-3 SNAPS closure
Fabric Reinforced Knees (RKF) are no longer available on structural garments

NFPA 1971-2018 includes a stored energy test which applies to the sleeves of the coat and requires that we provide additional reinforcement material for options on the sleeves. External elbow reinforcements are only available with padding, any lettering or logos to be placed on the sleeve will need to be ordered with a one line sewn patch (option code OLP4.5x4.5), and any pockets to be placed on the sleeve must be ordered with moisture barrier pocket lining (option code MBRP).

An external knee reinforcement of at least Ara-Shield or leather (RKA or RKL) is required on all pant styles. Be sure to specify your preferred external knee reinforcement on your purchase order. Orders placed without a specified external knee reinforcement will be supplied with a black Ara-Shield knee reinforcement and the price of the knee reinforcement will be added to your order.

Please note the following with respect to our garments, options and closures:

Code	Notes
LETTER-2LR/3LR	2" and 3" lime-yellow ORALITE letters were introduced in 2017. Refer to page 22 for pricing
RPLEATPK and REPLEATPK	Reinforced pleated padded knees (sewn and removable versions) were discontinued in 2017 due to limited demand. We recommend converting to the PleatPak Extra Padded Knees option which includes a layer of FR silicone
CZV1.5B/CZV1.5N	The standard closure on all coat styles is a nylon zipper with FR hook and loop tape. A brass zipper is available at no additional charge but must be specified on your purchase order

Please note the following with respect to our outer shell, moisture barrier, and thermal liner materials:

Outer Shell Material	Notes
Kombat Flex Natural & Black	Not included in list price list due to limited composite availability (only available with 2F-99, 6-99, S3-99, and S4-99)
Moisture Barrier Material	Notes
CROSSTECH® 3-Layer, 4A	Not included in list price list due to limited composite availability
Thermal Liner Material	Notes
Defender M SL2 Camo	Availability is now quite limited. We recommend converting to OMNI Synergy 2 Layer or any thermal liner material with a two layer spunlace batting system if your desired composite is not available

When belt loops for harnesses (BLHARNESS1.5) or Kevlar belts (KBBL, KBBL-1.5WIDE) are ordered, we recommend the use of either the brass or nylon zipper with FR hook & loop tape pant closure without the hook & dee (PZV1.5B-No HookDee or PZV1.5N-No HookDee).

RIT NFPA 1983 Class I Escape Belts are available with our Axis and Radius pant styles. The pants are constructed with belt loops and straps designed to secure the escape belts to the outer shell:

Code	Description of Belt
BL1.5w-RITA0099std	Kevlar Escape Belt Chicago Style has 2 D Rings (1 fixed/1 sliding) to accommodate position hook and egress system (sizes up to 54")
BL1.5w-RITA0099xl	Kevlar Escape Belt Chicago Style has 2 D Rings (1 fixed/1 sliding) to accommodate position hook and egress system (sizes 56"-62")
BL1.5w-RITA1126std	Kevlar Bunker Belt is a certified escape ladder belt with the D Ring attachment point located next to the snap hook closure for easy access (sizes up to 54")
BL1.5w-RITA1126xl	Kevlar Bunker Belt is a certified escape ladder belt with the D Ring attachment point located next to the snap hook closure for easy access (sizes 56"-62")

Pants must be ordered with a brass or nylon zipper and FR hook & loop tape pant closure without the hook & dee (PZV1.5B-No HookDee or PZV1.5N-No HookDee) and integrated suspenders (SN4-1B or SN4-4QB). Please contact Customer Service for more details on the escape belt construction.

The standard size of radio pockets are 8" x 3.5" x 2", 9" x 3.5" x 2", and 10" x 3.5" x 2". Special size radio pockets are available in half inch increments.

Specially designed rapid escape pockets (3 styles) are available for multiple bail out system configurations. Rapid escape pocket #2 is our universal style pocket. Please contact Customer Service for design details and pricing on rapid escape pocket #1 and rapid escape pocket #3.

All pant liners include an additional layer of the specified moisture barrier and thermal liner materials in the knee as a standard feature. All reinforced padded knees now use layers of neoprene/poly cotton and Q-9 under the Ara-Shield, fabric, or leather external knee reinforcement due to the discontinuation of Ara-Fill. Our PleatPak Extra Padded Knees option includes a layer of silicone positioned between the layers of the specified moisture barrier and thermal liner materials on the liner.

HOW TO ORDER GEAR

1. Select an Axis, Radius, QS-103, or Traditional coat and/or pant style
2. Select an outer shell, moisture barrier, and thermal liner
3. Select a trim brand, size, color and style (structural protective garments only)
4. Select and specify lettering size, color, and location (structural protective garments only) and/or options
5. Use the Garment Size Chart on page 28 to provide complete and typed sizing information including chest, coat length, sleeve, waist, inseam, suspender length, height, and weight. Supply belly and hip (females only) measurements only if a tape measure was used. Please see catalog page 27 for measuring instructions.

The sizing charts below are intended to be used as a point of reference when measuring or when ordering stock sizes (S, M, L) sizes

General Information

Specifications:	Specifications are subject to change without notice.
Prices:	All prices are F.O.B. Quakertown, PA, and are subject to change without notice.
Orders:	The minimum allowable purchase order is \$50.00 net. Only one ship to location per purchase order is allowable. Telephone orders cannot be accepted. Please e-mail your purchase order and completed Coat and/or Pant Order/Quote Form(s) and Garment Size Chart included in the Distributor List Price List to our Customer Service Department at info@quakersafety.com . All orders shall specify the end user to allow traceability to the end user in the event of a product recall. Changes to in process orders are subject to a \$40.00 net order change fee.
Express Delivery:	Please contact our Customer Service Department for pricing and availability.
Payment Terms:	Net 30 days from the date of the invoice, subject to our Credit Department approval. All invoices that remain unpaid for 30 days after the invoice date may be assessed finance charges of 1 1/2% per month or each portion thereof. Any invoice that remains unpaid for more than 45 days after the invoice date will result in a "credit hold situation", wherein no shipments will be made until the aging of all invoices is brought under 46 days. If an attorney or collection agent must be engaged in order to collect any unpaid invoice, the customer agrees to the payment of the reasonable fees and costs of such attorney or collection agent. The customer also consents to the jurisdiction of the Bucks County, PA Court of Common Pleas for any collection action brought by Quaker Safety. The customer agrees to grant Quaker Safety a security interest in product sold under an open account agreement until paid unless prohibited by law.
Salesperson's Samples:	Please contact our Customer Service Department for pricing details.
Trial/Wear Test Gear:	Please contact our Customer Service Department for pricing details.
Bids or Quotations:	Please contact our Customer Service Department for price consideration.
Returns:	All returns must be made within 30 days of the invoice date. A 25% restocking fee will apply and product must be in new condition. Returns will not be accepted without an RA number. No returns will be accepted after 30 days from the invoice date and the full amount will be due. Custom made products are expressly non-returnable.
Product Warranty # 901201J:	<p>Quaker Safety stands behind its products. We warrant that our products will be free from defects in materials and workmanship for their useful life when used by appropriately trained personnel following acceptable fire fighting procedures. Useful life is the length of time that properly cared for protective garments can be expected to provide at least reasonable limited protection, and shall not exceed ten years from the date of manufacture for structural protective garments and five years from the date of manufacture for proximity outer shells. THESE EXPRESS WARRANTIES ARE IN LIEU OF ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Quaker Safety's obligations under this warranty are limited to, at our option, the repair or replacement of the product without charge.</p> <p>These warranty obligations apply only to any product which is returned to Quaker Safety, with proof of purchase, and which is determined to Quaker Safety's satisfaction to be defective as covered by this warranty. QUAKER SAFETY DISCLAIMS ANY LIABILITY FOR ANY INJURY, LOSS OR DAMAGE, DIRECT, INDIRECT, OR CONSEQUENTIAL, ARISING OUT OF THE IMPROPER USE OR THE INABILITY TO USE THE PRODUCT DURING THE WARRANTY PERIOD. BEFORE EACH USE, USER SHALL DETERMINE THE SUITABILITY OF THE PRODUCT FOR HIS/HER INTENDED USE. Please refer to the warning labels contained in, and the FEMSA Official User Information Guide accessible by following the instructions in the hang tab attached to, your protective garment for further instructions.</p> <p>This warranty policy does not cover measuring errors, outer shell material shading variations, degradation of hook & loop tape caused by cleaning solutions containing D-Limonene, damage to protective garments caused by improper storage practices, or damage to thermal liner material face cloth caused by contact with hook & loop tape when pant pocket flaps are not kept in the closed position.</p> <p>PURCHASER, BY THE USE OR RESALE OF THIS PRODUCT, SHALL BE DEEMED TO ACCEPT AND AGREE TO THESE WARRANTY PROVISIONS.</p>
