

Scope of Services

Comer Contracting, Inc. will supply Crew, equipment and material to Fog Seal Town Roads using CSS-1h Asphalt Emulsion (dilute).

- Fog Seal Application Rate will be field determined; according to site conditions
- Traffic control will be provided by certified flaggers
- Uniformed Police Officers are not included, to be paid for and supplied by municipality
- Streets to be surfaced will have be swept by others prior to application
- Comer Contracting will perform a final cleaning of the surface with blowers
- Catch Basins Inlets, as well as, Utility Manhole, Valve Covers and other structures will be protected with roofing paper
- Fog Seal materials may take several hours to dry. During that time traffic will be disrupted and access to some areas will be restricted.

The Bid pricing is based upon 25,000 sq. yds. of area to be treated per purchase order.
