Could you please provide more clarification on the 1% administrative fee:

The 1% administrative fee doesn't apply to gasoline bid.

- *It says based on what the customer ORDERED. What if the customer ORDERS 7500 gallons but we only deliver 6,000 gallons because the customer over ordered, do we still have to pay the 1% admin fee on 7500 gallons? N/A*
 - *Confirm the calculation is sale price x delivered gallons x 1% = payment for that delivery? N/A*
 - *Meaning that we should not include taxes in the 1% calculation on the invoice? N/A*
 - *It mentions purchase orders as a basis, historically municipalities issue blanket purchase orders to cover their entire needs for the contract term. Do we pay you 1% on the value of the PO or is it based on the actual deliveries that occur in that quarter? N/A*
-

Do you have an example of the last quarterly report your vendor submitted so we can make sure we have the ability to include the necessary information CRPC requires? N/A
