CAPITOL REGION PURCHASING COUNCIL
INVITATION FOR BID
FUEL OIL, DIESEL FUEL, & BIOFUELS

BID SPECIFICATIONS

I. MODIFICATIONS TO GENERAL TERMS AND CONDITIONS

INTENT

The Capitol Region Purchasing Council (CRPC), on behalf of certain Capitol Region towns, boards of education, and agencies, requests bids for the procurement of **heating oil, ultra low sulfur diesel, biodiesel, and bioheating fuel** for the period commencing July 1, 2021 and ending June 30, 2022. Each respective CRPC member will make its own awards and payments according to the terms and conditions set forth in these specifications. A written order from each awarding CRPC member will be required before any deliveries commence.

Note that individual contracts resulting from this Invitation to Bid may cover only a portion of the 2021-2022 fiscal year. Vendors are reminded to pay careful attention to the specific time period that their quotes should cover.

QUANTITIES

The quantities specified herein are annual estimates only and have been provided for the purpose of competitive bidding. Actual quantities will be contingent upon the total number of CRPC members which decide to make an award off of this bid (as participation is voluntary) and the needs of the using departments in each of those CRPC members.

Vendors must understand that during the course of the contract, there may be certain changes in locations, tank sizes and quantities used as well as grade of oil/type of product. Vendors will be expected to accept such changes without adjustments to the contract prices.

Vendors should additionally understand that **total** quantities have been provided in the bid table, organized by type of fuel for each participating CRPC member. Details regarding the site or sites of delivery for the total quantities have been provided separately in Appendix A.

ADMINISTRATIVE FEE EXEMPTION

The 1% administrative fee is exempted for this bid.

PIGGYBACKING

This bid is **not** open to piggybacking.

BID PRICES

OPTION A: Each vendor will render bids by indicating a **DIFFERENTIAL** from the New Haven Rack Average as published daily by the Oil Price Information Service (OPIS). Billing for any shipment shall be computed by adding the differential to the daily closing price for the day the delivery is taken. Such differentials may be either plus (+) or minus (-), and the low bidder will be determined by the most advantageous differential. CRPC members may request a price cap with this option. Prices bid must be held for a period

of 60 days from the opening date in order to permit individual towns/boards of education to complete any required internal evaluation process.

OPTION B: Fixed Mark-Up

A Fixed Mark-Up may be submitted in which case the price per gallon will remain fixed during the entire term of the contract. Note that in order to accommodate varying CRPC member purchasing procedures that dictate the amount of time required to make a contract award, vendors are required to hold their fixed mark-up prices for a twenty-one (21) day period from the opening date as per the escalation/de-escalation clause described below. **The firm pricing established by this provision will remain in effect for the duration of the awarded contract.**

TOTAL FIXED MARK-UP PRICES FOR HEATING OIL ONLY shall be calculated as follows: On the day of the bid opening, CRCOG staff will enter the closing (“settle”) **NYMEX** price for February 16, 2021 into the table as shown in Exhibit I for Heating Oil and Exhibit II for Diesel. Vendors shall use the weightings indicated in Exhibit I for heating oil and Exhibit II for diesel. Vendors mark-up shall include any and all costs of manufacture and delivery. A copy of the NYMEX strip being used will be part of the final tabulation package to provide indicative pricing. In recognition of the market’s volatile nature, all bidders between the time of the bid opening and formal, written award notification will be allowed to escalate/de-escalate their bid price(s) for heating oil pursuant to inter- and intra-day fluctuations in the NYMEX until an award is made.

The intent behind using this formula is to identify the lowest responsible vendor at the time of the bid opening, as said vendor should remain low despite upward and downward swings in the NYMEX. Vendors **MUST** supply documentation **with their bid** in support of any and all mark ups added to the base price to help communities verify the validity of updated quotes offered after the bid opening to reflect changes in the NYMEX strip. Vendors shall use the OPIS New Haven Rack Average pricing during the course of the contract period to demonstrate the validity of their pricing. **The same weightings and mark ups used for the bid prices submitted must be used to calculate all subsequent escalated/de-escalated prices.**

EXHIBIT I (This is an example only, using the NYMEX settle prices for Wednesday, January 30th, 2020)

<i>Month</i>	<i>Settle Price</i>	<i>Weighting %</i>	<i>Weighted Price</i>
July	1.7115	0%	0
August	1.715	0%	0
September	1.7195	0%	0
October	1.7256	10%	0.17256
November	1.7313	15%	0.259695
December	1.7359	20%	0.34718
January	1.7392	20%	0.34784
February	1.7434	20%	0.34868
March	1.7434	15%	0.26151
April	1.7377	0%	0
May	1.7257	0%	0
June	1.7207	0%	0
			1.737465

TOTAL FIXED MARK-UP PRICES FOR DIESEL FUELS ONLY shall be calculated as follows:

Pricing for diesel fuels will be secured in the same fashion as described above for heating oil, EXCEPT that the following weighting structure (Exhibit II) shall be used.

EXHIBIT II (This is an example only, using the NYMEX settle prices for Wednesday, January 30th, 2020)

Month	Settle Price	Weighting %	Weighted Price
July	1.7115	2%	0.03423
August	1.715	2%	0.0343
September	1.7195	10%	0.17195
October	1.7256	10%	0.17256
November	1.7313	10%	0.17313
December	1.7359	10%	0.17359
January	1.7392	10%	0.17392
February	1.7434	10%	0.17434
March	1.7434	10%	0.17434
April	1.7377	10%	0.17377
May	1.7257	10%	0.17257
June	1.7207	6%	0.103242
			1.7319

The intent behind using this methodology is to identify the lowest responsible vendor at the time of the bid opening, as said vendor should remain low despite upward and downward swings in the NYMEX. Vendors will be required to supply documentation to verify the updated strip used to calculate any and all price adjustments (escalations/de-escalations) that are made to establish a final award price.

Award notification will be confirmed by telephone and followed up by fax with the lowest responsible bidder(s) on any day within 21 days of the bid opening. The NYMEX strip to be used as the basis for a final escalation/de-escalation adjustment will be selected and authorized by the awarding entity (CRPC member) and may be based on opening, intra-day or closing postings.

Prices shall include allowances for all material and work delivered complete at the appropriate place in the contracting CRPC member’s facility(ies).

TAXES AND ASSESSMENTS

CRPC members are exempt from the payment of either federal or State taxes and such taxes shall not be included in the bid prices. **It will be the responsibility of the vendor to obtain any certifications needed to avoid the payment of such taxes.**

Moreover, bid prices shall include neither the \$.002 per gallon NORA Assessment, nor the Connecticut Gross Receipts Tax - which is no longer applicable to any diesel products in Connecticut. Any other taxes shall be applied directly to invoices of members who are eligible.

PROHIBITED SURCHARGES

The Capitol Region Purchasing Council strictly prohibits the unilateral imposition of additional surcharges (delivery, storage, etc.) on the participating CRPC members at any point during the contract period.

SPILLAGE AND SPILL PREVENTION

Any spillage at the time of delivery will be the responsibility of the vendor and any costs to repair resultant damages or any penalties assessed against a CRPC member because of pollution resulting from such spillage shall be borne by the vendor.

In terms of preventative measures, it should be noted that some of the participating CRPC members have Spill Prevention, Control and Countermeasure (SPCC) Plans in place pursuant to the U.S. EPA's Oil Pollution Prevention Rule (40 CFR 112). To this end, some of these CRPC members (as well as others without SPCC Plans in place) may require supervised fills at various locations. CRPC members may provide this type of instruction at the time of award.

DELIVERY TICKETS

The CRPC members prefer to be furnished printer-type delivery tickets with each fuel delivery. The CRPC realizes that for larger tanks (8,000 gallon capacity and over) it may not be practical to use trucks that are equipped with printers showing the gallonage delivered. CRPC members may request copies of the loading ticket in cases where printer type delivery tickets are not available. **Partial compartment deliveries, unless made by printer ticket, will not be acceptable.**

DELIVERY ARRANGEMENTS

Arrangements for deliveries will be a matter to be negotiated between each individual CRPC member and the successful vendor. Inability of a vendor to meet required delivery arrangements may be cause for the rejection of the low bid. In certain instances, vendors may be required to make automatic deliveries based on degree days.

In other instances, vendors will be required to make deliveries within an agreed-to time interval (usually 48 hours) following notification by the CRPC member that supplies of oil are needed. The right is reserved to limit the hours within which deliveries can normally be made.

LIABILITY FOR DELIVERY FAILURES

If, as a result of a vendor's failure to deliver on an agreed-to automatic delivery schedule, within the agreed time interval following notification, or in accordance with any part of the specifications included herein (e.g., unacceptable product), and damage to an CRPC member results, the vendor agrees to compensate the CRPC member for such damages. Restitution will be required should: damage result from freezing (due to a lack of heat) or should the CRPC member incur additional costs from purchasing heating oil or diesel from an emergency source. **It should be noted that the awarded vendor shall assume full responsibility for the negligence of any sub-contractor(s) utilized to fulfill any and all obligations under resulting contracts.**

If the contractor fails to make proper delivery within the time specified or if the CRPC member rejects the delivery, the CRPC member may obtain such commodities or any part thereof from other sources in the open market or on contract. Should the new price be greater than the contract price, the difference will be charged against the contractor. Should the new price be less, the contractor shall have no claim to the difference.

EQUIPMENT

The contractor must be able to ensure year-round delivery, maintain a proper inventory for service where required and in some instances provide automatic printing meters on delivery trucks. Loading tickets may be substituted for meter-printed delivery tickets with the consent of the CRPC member.

EMERGENCY REPAIR SERVICE

In some instances vendors will be required to provide 24-hour, 7-day oil burner maintenance service.

PURCHASE ORDERS, DELIVERY RECEIPTS AND INVOICES

No delivery shall be made without a purchase order. A representative of the CRPC member shall normally sign for deliveries. Billing shall be made to each CRPC member separately in accordance with the terms set forth herein and on the purchase order. Billing shall be based on the New Haven Rack Average pricing for the type of fuel contracted for. **Billing shall clearly describe the type of fuel delivered and shall match the type of fuel contracted for.**

BID BONDS

Bidders are **required** to submit with their bid, **a valid, current bid bond in the amount of 10% of the total bid price.** Bonds shall be issued by an insurance company licensed to do business in the State of Connecticut. **Bids not accompanied by a valid bid bond shall be rejected. The bid bond shall be valid for a period of one (1) month from the date of the bid opening.** Vendors can include a copy of the bid bond with their electronically submitted bid, attached as an optional document upload on Bonfire. Original bid bonds should be sent in sealed envelopes indicating the name and date of the bid to:

Kim Bona
Capitol Region Purchasing Council
241 Main Street, 4th Floor
Hartford, CT 06106

PERFORMANCE BONDS

A performance bond, in the amount of one hundred percent (100%) of each purchase order, **may be required of successful bidders.** Responding vendors are therefore asked to provide a **separate** price for this bond (to be quoted as a price per \$1,000 of contracted business) on their bid response. CRPC members will notify vendors after award if this is required.

LAWS

All deliveries shall comply in every respect with all applicable laws of the federal government and/or the State of Connecticut.

SCOPE OF BIDDING

Vendors may bid on the requirements of any CRPC member, or may bid on the requirements of all CRPC members listed. **Bidders are cautioned that they are responsible for serving all CRPC members for which they offer bids.** Vendors should only offer bids for those CRPC members that they have the capacity to serve based on the estimated CRPC member requirements, as failure to enter into contract with any CRPC member is grounds for forfeiture of bid surety.
