

**Bike Share Feasibility Study Update
Request for Proposals
Addendum #1
June 28, 2021**

Questions and Answers

CRCOG received two questions related to the Request for Proposals for the Bike Share Feasibility Study Update. The deadline for submitting questions was Wednesday June 23, 2021. Both questions were a request for bid specifications. Because this effort is a planning study and not a construction project, there are no spec documents for this project.
