

- **Study Vision, Goals and Objectives**

- **Vision**

- Create a multimodal transportation system that supports continued social and economic growth in the Route 5 corridor

- **Goals**

- Ensure safe and consistent vehicular, pedestrian and bicyclist traffic flow and access
- Establish bicyclist, pedestrian and transit options to enhance mobility choices by providing equitable levels of access to affordable and reliable transportation

- **Objectives**

- Provide turn lanes at all signalized intersections on Route 5
- Provide LOS D or better at all signalized intersections
- Minimize queues between intersections
- Provide transit service to key employment sites and destination in the corridor
- Provide bicyclist and pedestrian facilities on Route 5 on at least one side of the street
