Project Title: Ultra Low Sulfur Diesel and Biodiesel Fuel / Gasoline & E85

Project Description: The State of New York has exercised its option to extend the gasoline and diesel contract to Global Montello Group Corp. for the designated awarded counties for the 2021-2023 contract duration. We have now held contracts with the State of New York for nearly 10 years and hope to continue doing business with the state in the future. Under the current contract, over 30,000,000 gallons of fuel will be delivered to various state agencies, cities and towns across New York. During the 2019 year, approximately 26,500,000 gallons were successfully delivered, and proper reporting documenting the deliveries has been prepared and submitted to the State. As a part of the New York State contract, Global is required to utilize Minority and Woman-Owned businesses. As Global is in the wholesale business, its best utilization of MWBEs is through the hauling and distribution of fuel. Global currently maintains a strong relationship with Performance Transportation Inc., a woman owned trucking company located in Fitchburg, MA. We work with Performance on various contracts in addition to the New York State contract, including our contract with the Massachusetts Port Authority. Our current contract with the State of New York demonstrates our ability to provide competitive pricing and supply throughout the northeast, and also our commitment to providing outstanding customer service to each municipality purchasing under the contract.

DEFENSE LOGISTICS AGENCY

Contact Name: Bryan Sveum

Contact Address: Fort Belvoir, VA 22060

Contact Phone: (571) 767-9556, Bryan.Sveum@dla.mil

Project Title: SPE60017D8517

Project Description: Global has held a contract with the Defense Logistics Agency for over three years now. Since the start of the contract, Global has delivered over 500,000 gallons to various government locations since 2017. Global is obligated to maintain work with MWBEs and also report the minority subcontractor utilization to the DLA on a quarterly basis. Currently, Performance Transportation is the hauler that is utilized to meet this goal under the contract. All invoices must be submitted through WAWF – an online portal for payment processing, on a timely basis. Although Global's contract with the Defense Logistic Agency are young, we are optimistic that our competitive pricing and our continued perseverance in obtaining supply throughout the northeast and nationally will aid us in acquiring renewed contracts and extended business with the DLA in the years to come.

THE CITY OF NEW YORK

Contact Name: Alvin Pettway

Contact Address: 1 Centre Street, New York, NY 10007

Contact Phone: (212) 386-0478, apettway@dcas.nyc.gov

Project Title: Gasoline & Ethanol Bulk Delivery

Project Description: Global has held a contract with the City of New York for over 5 years now, delivering gasoline fuel to various municipalities throughout the city. The city of New York received over 9,000,000 gallons of gasoline in 2019, loaded directly out of Global owned and operated terminal located in Inwood, Glenwood and Oyster Bay network. Having direct supply throughout the northeast gives Global a competitive edge over other vendors, as in the case of shortage or natural disaster, Global has measurements in place and supply secured to prevent delays in delivery to all of our customers. In addition to guaranteed, we also own fuel trucks that Global leases out to our haulers to solidify its ability to perform under any contract. Currently, Global owns 8 trucks that it leases out to several hauling companies. Global is prepared to acquire additional trucks to perform under the contract is the need arises.

COMMONWEALTH OF MASSACHUSETTS

Contact Name: Michael Woods

Contact Address: One Ashburton Place, Boston, MA 02108

Contact Phone: (617) 720-3191, michael.woods@state.ma.us

Project Title: ENE52, ENE47, ENE48

Project Description: Global has been doing business with the Commonwealth of Massachusetts for over 7 years, providing gasoline, diesel fuel and heating oil to various locations throughout the state. Global offers competitive indexed as well as fixed pricing to the Commonwealth. The terms of the contract require a quarterly report to be submitted promptly one month after the closing of a reporting period. This report is submitted through an online portal in which each report must match identically to a reporting template and also be broken down by contract and delivered product. Although the contract does not designate any MWBE goals, Global continues to utilize Performance Transportation, Inc., to do a large volume of the deliveries throughout the state. This strong relationship with a quality hauling company allows us to lock in low rates for product deliveries and as a result, allows us to be more competitive in regard to pricing among our local competition. Performance Transportation utilizes two of Global's six leased trucks for deliveries as well.
