## **Strategic Planning and Facilitation**

Be prepared to identify the primary action steps necessary to realize the stated vision and set of strategic initiatives.

- Assist with SWOT analyses and Strategic Planning processes as determined by the CR-MRC Director
- Conduct After Action Reviews and generate AAR reports as directed by CR-MRC Director
- Develop program evaluation metrics and surveys.

The RFQ was advertised in four local newspapers, online and sent to all CRCOG public safety committees. Although there were numerous inquiries, there was one bidder, Quality Perspectives, a Connecticut-based firm. After reviewing the proposal submitted by Quality Perspectives, reference checks and an interview, CRCOG staff and CR-MRC leadership recommend proceeding to a contract.

**Benefit to Member Towns/CRCOG:** This funding will serve to provide training and planning services to the Capitol Region Medical Reserve Corps volunteers and aid in their operations. The CR-MRC is an available asset to all CRCOG member communities.

**Financial/Operational Impact:** There is no financial impact to CRCOG.

**Project Schedule:** The initial contract would be for one year with options for three one-year extensions based upon the availability of funding.

**Recommendation:** I would respectfully request and recommend that the Policy Board act favorably upon this resolution.
