

CONNECT CAPITOL REGION

The Capitol Region Council of Governments is updating the Plan of Conservation and Development!

WHAT IS A REGIONAL PLAN OF CONSERVATION AND DEVELOPMENT?

As the regional planning organization for the Capitol Region, consisting of 38 cities and towns, CRCOG is responsible for developing and updating this Plan every 10 years. A POCD is often a visionary plan developed with significant community input and insight. The POCD update is an opportunity to think deeply about the places you live, the communities you belong to, and where you work, play, learn, and grow. Engaging with YOU, we also hope to gain an understanding about the problems you encounter as you travel through, live, do business, and work to thrive in the region.

The 2024-2034 regional update to the POCD is required per CT General Statutes 8-35a and is intended to be a guidance document for the Capitol Region and our 38 member communities.

TOPICS COVERED IN THE REGIONAL POCD:

- Demographics
- Natural Resources Conservation
- Watersheds + Water Quality
- Open Space + Farmland Preservation
- Climate Change
- Food Systems + Food Security
- Land Use
- Public Sewer + Water Service
- Transportation
- Housing
- Economic Development

PROJECT SCHEDULE

CRCOG is the Capitol Region Council of Governments. We are the largest of nine councils of government in the State of Connecticut, representing our 38 member communities and a population of nearly 1 million. CRCOG’s mission is to help our cities and towns advocate for policies and projects that improve the quality of life for residents, more efficiently provide services at a regional level, and plan for a better future.
