

**Infrastructure Related Economic Analysis On-Call List  
Request for Qualifications  
Addendum #1  
October 31, 2023  
Questions and Answers**

The following is a list of questions received related to the Request for Qualifications for the Infrastructure Related Economic Analysis On-Call List. The deadline for submitting questions was 2:00pm on October 30, 2023. Responses from CRCOG are noted in red.

- 1. CR-COG indicates that it will select two consultants. Is the intention to either (a) ask both selected consultants to competitively propose on task orders as they are issued, or (b) select and assign a consultant to each task order as CR-COG (and/or member municipality) prefers?**

CRCOG intends to create an on-call list of qualified consultants from which member municipalities can use to select and assign work. Member municipalities may request proposals from one or more consultants for proposed work. Note that this RFQ states that "CRCOG anticipates selecting two consultants." Limiting the number of selected consultants featured on the on-call list is proposed to offer selected consultants the greatest opportunity to receive work in response to their efforts submitting qualifications.

- 2. Under the "evaluation criteria" (Section VI, number 6) "overall approach to delivering services": does this refer to approach to (a) organizing and servicing multiple task orders and projects; (b) to our methodology for calculating Benefit/Cost and Economic Impact and additional services; or (c) both?**

This criterion includes but is not limited to the respondent's ability to respond to potential work in a timely and organized manner with clear communication, transparent processes, etc.
