From: Anaka Maher, Senior Transportation Planner

CC: Rob Aloise, Director of Transportation Planning

Date: June 20, 2024

Subject: CTDOT MRP and PPP Anticipated Work for 2025

CTDOT has drafted a list of proposed pavement work through their Maintenance Resurfacing Program (MRP) and Pavement Preservation Program (PPP) for the 2025 construction season. These programs were formerly known as the Vendor In-Place (VIP) paving program. Attached is a draft list of CTDOT's anticipated work in the Capitol Region for 2025 through these programs.

Please review the proposed work in your municipalities. Pavement maintenance can be an opportunity to incorporate other improvements, such as adjusting travel lane widths to allow for more space for alternative modes. CRCOG's Planned Complete Streets Network is available as a resource to identify complete streets opportunities and the interactive online map is located at the following link:
<https://crocog.maps.arcgis.com/apps/webappviewer/index.html?id=c2b2c9284aaf448fa6401c9c24546459>

For questions regarding these programs, please contact Anaka Maher, CRCOG Senior Transportation Planner (amaher@crcog.org).

CTDOT Maintenance Resurfacing Program (MRP) and Pavement Preservation Program (PPP) Anticipated Work for 2025
Capitol Region
