Addendum 1  
Opportunity Q&A Answers**

**Q1. Does the unit price include analysis of all parameters?**

**A1.** You may be required to provide general comments/analysis if requested, see below:

“Participating communities may either elect to have the awarded contractor collect the required samples, or to have the contractor furnish appropriate containers in which to collect and store the water samples for pickup by the laboratory. Finally, in an effort to assist the towns in evaluating the laboratory results received, the awarded contractor may also be requested to furnish general comments to explain if the measured levels are acceptable pursuant to State of Connecticut Water Quality Standards, or if additional monitoring/follow-up action is suggested.”
