Opportunity Q&A Answers

Q1. Good morning,

Could I please have a breakdown of each delivery location including address, tank size and location (above or below ground) and average delivery size and usage? Could I also please have a copy of the previous bid tabulations?

On the spreadsheet labeled NA (BT-27UV), it does not provide any information that is clear to bid on. Last year a bid table was provided listing all of the delivery locations. Could you please provide an updated version for this years bid?

A1. Please see bid table / spreadsheet labeled **NA (BT-46OU)** – that is the correct bid table for BID 754 with all the information including requested amounts, delivery locations, etc.

Previous bid tabulations may be viewed at <https://crcog.org/municipal-services/crpc/#bids> .
