

CRPC #759 · INVITATION TO BID
Grass Seed and Fertilizer
Addendum 1
Opportunity Q&A Answers

Q1. I am new to this bid process and not finding my answer in the paperwork provided. When adding a substitute item, where do I put the information on what exactly the item is? Is that in the additional responses tab?

Also, especially in the seed category, where would I be able to find analysis on what exactly the types of seed that are in the makeup so I can bid on it.

**A1. Please feel free to add a substitute item to the additional responses tab.
All product details are outlined in the bid specifications which are uploaded to Bonfire under "public files."**
